28	Melodeon 2 LH	XLR	y		SL
29	Roaming Mic	RF e835	n		Racks

We will provide all mics and DI's unless otherwise advanced or overseas show

PA, Console, Line System, Cabling

Please supple a high quality, professional full range PA system (MUST include subs) capable of delivering clean audio with decent headroom, undistorted, clearly and uniformly to all areas of the audience space.

We will provide all stands, XLR and line system.

For venue shows we will provide 5x HK Pro110XD2 monitor wedges mixed from FOH (EXCEPT FOR FESTIVALS AND/OR VENUES WITH SEPARATE MONITOR ENGINEERS). In this instance, we will provide a two way analogue split for your monitor engineer. We will require them to mix monitors, 5 discrete wedge mixes.

We will be touring with our own FOH console. this is an Allen and Heath SQ5 with 2x DX168 Expansion racks. It requires 1x Cat5e or 6 connection to FOH, we have a 50m reel if required. We can feed your system via analogue at either FOH or stage, alternatively via AES (L+R) at FOH.

Lighting

5x specials on performers and a colour wash, please provide a competent operator.

Other

3x armless chairs please

Any issues please get in contact, thanks!
